

# **WHY YOU SHOULD BE A MEMBER OF THE FIJI INDIAN ASSOCIATION, WELLINGTON INC**

The Fiji Indian Association is a progressive body, aimed at articulating the views of Fiji Indians living in Wellington.

It has been in existence for a number of years and can offer the following:

- ✓ A forum for our people in Wellington and an organisation that can speak on your behalf.
- ✓ The FIA is there for all Fiji Indians and does not have any religious agenda, but respects the viewpoint of every faith.
- ✓ It is a well-managed body, which managed to acquire its own premises within 18 months of formation.
- ✓ We make submissions to Government and non-Government bodies on a raft of issues affecting our people like immigration, politics, hospital issues, social welfare and pension matters and education.
- ✓ The families of members can take advantage of a reduced funeral service bill from Harbour Funeral Services.
- ✓ Senior citizens are provided free entry to all functions of the Association.
